

FAMILY TREE -- How to Use

File	What it is
family-tree.html	The app. Open this in your browser (Chrome, Firefox, Edge).
family-tree.json	Your data. Edit this and send it back.
FamilyTree-Guide.pdf	This guide.

4 Simple Steps

1 Open the app

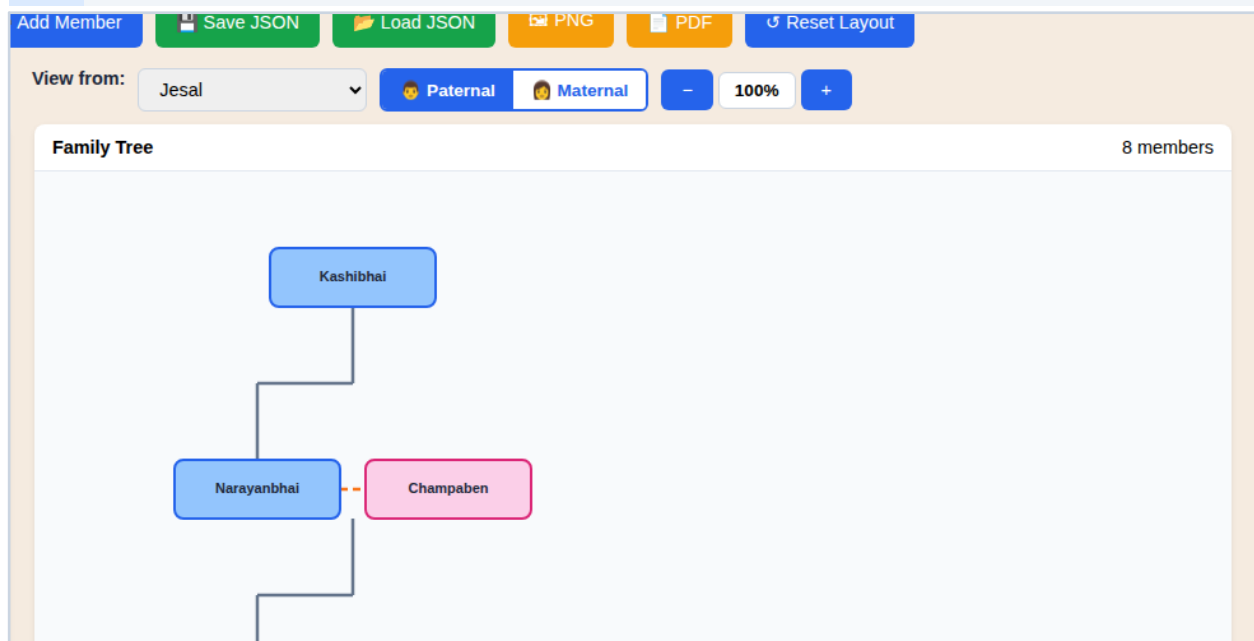

Double-click family-tree.html -- it opens in your browser. No installation needed.

The buttons you will see at the top of the screen

2 Load your data

Click the green Load JSON button. Choose family-tree.json. The family tree appears on screen.

The family tree after loading -- each box is a person

Step 3 -- Add or fix people

Click Add Member for a new person. To edit someone already in the tree, click their box -- the form opens on the left.

Add / Edit Member

Paternal Parent (father's side)

— None —

Maternal Parent (mother's side)

— None —

Spouse

— None —

Photo

Choose File

No file chosen

Field	What to enter
Name	Full name. e.g. Ramesh Patel
Birth Year	Just the year. e.g. 1952
Gender	Male / Female / Other
Paternal Parent	Father's side parent. Pick from list.
Maternal Parent	Mother's side parent. Pick from list.
Spouse	Husband or wife. Pick from list.
Photo	Optional photo from your phone.

TIP: Start with the oldest generation first. For someone who married in (bhabhi, kaka's wife): add as new person, leave both Parent fields empty, only fill in Spouse.

Step 4 -- Save and send back

Step	What to do
1. Save	Click the green Save JSON button at the top of the page.
2. Rename	Rename the file to family-tree-YourName.json (e.g. family-tree-Nilesh.json)
3. Send	Send the .json file back via WhatsApp or email.

IMPORTANT: Only send the .json file -- NOT the .html file. The .json has all your changes.

Reading the tree

Colour	Meaning
	Blue box = Male
	Pink box = Female
	Grey box = Other
	Green dot = Has photo

Line	Meaning
Grey solid line	Parent to Child
Orange dashes	Husband and Wife

Paternal and Maternal view

The Paternal / Maternal toggle at the top switches between two views. The "View from" dropdown picks whose perspective you see.

Paternal	Maternal
Father's side ancestry going upward. You -> Father -> Grandfather -> ...	Mother's side ancestry going upward. You -> Mother -> Nani -> ...

Quick tips

To do this...	Do this
Zoom in / out	Use the - and + buttons (top right)
Edit a person	Click their box in the tree -- form opens on left
See photo	Hover mouse over box for 1 second
Move a box	Click and drag it anywhere
Person not visible	Switch Paternal/Maternal toggle or change "View from" dropdown
Tree looks messy	Click Reset Layout button

Thank you for helping preserve our family history!

Every name you add today will be remembered for generations.
